

AQUABATH

# Business Profile 2024

---

## ■ About Us

Established in 2016, Aquabath came into existence with a vision of providing customers a range of choices for their Plumbing, Bathroom fittings, Sanitaryware and Tiles requirements under one roof.

Brands known in the space are in our portfolio. Jaquar, Cera, Astral, Kohler, Johnson Tiles, Kerovit, Nirali, and Racold being a few of them.

Soon after we ventured into the Wholesale space, catering to the need of the retailers and contractors in the region, helping them procure from a single point rather than looking at different suppliers for their variety of needs.

In all these years, we have made a name for ourselves and are now a preferred choice by many.

## ■ What We Do?

We are the Authorized Distributors of Astral Pipes and Kerovit for the North-East region. We are also the Dealers of famous bathware brands like Jaquar, Kohler, Cera, Nirali and Racold. We also are the dealers of H&R Johnson Tiles.

With a vast array of brands and sufficient stocks in our Godowns, we cater to an array of consumers from retail to wholesale to the projects.

We already have a list of Esteemed clients who we service through our Outlet and Godowns.

## ■ Why Us?

Whether you are a new home buyer looking to create an amazing living space and Bathrooms, or are just looking to upgrade your existing home, we are the one to choose.

If you are a retailer or a contractor, looking to provide your customers with quality products, we are the one you can seek for your purchase requirements.

Located at the NH37, we have a modern showroom to display all our best selling brands and their popular offerings.
